

Co-op Academy
Glebe

Primary PE and Sports Funding Planned Expenditure for 2024-2025 Co-op Academy Glebe

In the academic year of 2024-25 Co-op Academy Glebe will receive an additional Department for Education grant of £17,780.

Schools should prioritise PE and sport premium spending to improve in the following 5 key areas:

- increasing all staff's confidence, knowledge and skills in teaching PE and sport
- increasing engagement of all pupils in regular physical activity and sport
- raising the profile of PE and sport across the school, to support whole school improvement
- offer a broader and more equal experience of a range of sports and physical activities to all pupils
- increase participation in competitive sport

<https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

According to the latest statistics, 26% of Reception-aged children are overweight or obese in Staffordshire, and 40.5% of children in Stoke are overweight or obese by Year 6. An estimated 12.8% of 5 to 19-year-olds in Stoke have a mental health disorder.

At Co-op Academy Glebe we feel that we have a great responsibility to assist our pupils to understand how they can live a healthier and longer life which is part of our core belief that a pupil's personal circumstances should not impact on their outcomes in later life. This year we aim to continue our success of previous years by providing a range of physical activities and by educating pupils to make healthy lifestyle choices by weaving this throughout our school day, curriculum and extended enrichment opportunities and by working alongside our external partners to develop the skills of our staff.
